have faults with it, we can come back in the next several years and correct those faults.

SPEAKER NICHOL: Senator Kahle.

SENATOR KAHLE: Mr. President and members, I want to compliment the Revenue Committee on being able to get a bill out. I know how difficult it is because I helped work on it last year and even the year before. I also feel that there is a tremendous loss of revenue and it is getting bigger every day. More of us are driving these diesel cars that if our Model T Ford sounded that bad why we would have them overhauled. But there are a lot of them on the road and they do get better mileage and the engines are supposed to last longer. I think they will be with us a long time and it is certainly a temptation for a farmer or rural people and the construction people and all those that have bulk fuel on their premises to go ahead and fuel out of those tanks and I think we should stop this. It is certainly unfair for those of us who burn gasoline and pay the gas tax for our highways and then have a bunch of people running over our same highways that aren't paying anything. Thank you.

SPEAKER NICHOL: Senator Carsten, did you wish to close on the bill? The question is, shall LB 302 advance? All those in favor vote aye, opposed nay. Record, Mr. Clerk.

CLERK: 26 ayes, 0 nays, Mr. President.

SPEAKER NICHOL: The bill advances. LB 594.
